ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS

BP 5141.21 (a)

The Board of Trustees believes that regular school attendance is critical to student learning and that students who need to take medication prescribed or ordered for them by their authorized health care providers should have an opportunity to participate in the educational program.

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Chronic Absence and Truancy)

Any medication prescribed for a student with a disability who is qualified to receive services under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 shall be administered in accordance with the student's individualized education program or Section 504 services plan as applicable.

(cf. 5141.24 - Specialized Health Care Services)

(cf. 6159 - Individualized Education Program)

(cf. 6164.6 - Identification and Education Under Section 504)

For the administration of medication to other students during school or school-related activities, the Superintendent or designee shall develop protocols which shall include options for allowing a parent/guardian to administer medication to their child at school, designate other individuals to do so on their behalf, and, with the child's authorized health care provider's approval, request the district's permission for his/her child to self-administer a medication and/or self-monitor and/or self-test for a medical condition. Such processes shall be implemented in a manner that preserves campus security, minimizes instructional interruptions, and promotes student safety and privacy.

(cf. 1250 - Visitors/Outsiders)

(cf. 5141 - Health Care and Emergencies)

(cf. 5141.22 - Infectious Diseases)

(cf. 5141.23 - Asthma Management)

(cf. 5141.27 - Food Allergies/Special Dietary Needs)

(cf. 6116 - Classroom Interruptions)

The Superintendent or designee shall make epinephrine auto-injectors available at each school for providing emergency medical aid to any person suffering, or reasonably believed to be suffering, from an anaphylactic reaction. (Education Code 49414)

Administration of Medication by School Personnel

When allowed by law, medication prescribed to a student by an authorized health care provider may be administered by a school nurse or, when a school nurse or other medically licensed person is unavailable and the physician has authorized administration of medication by

unlicensed personnel for a particular student, by other designated school personnel with appropriate training. School nurses and other designated school personnel shall administer medications to students in accordance with law, Board policy, administrative regulation, and, as applicable, the written statement provided by the student's parent/guardian and authorized health care provider. Such personnel shall be afforded appropriate liability protection.

(cf. 3530 - Risk Management/Insurance)

(cf. 4119.42/4219.42/4319.42 - Exposure Control Plan for Bloodborne Pathogens)

(cf. 4119.43/4219.43/4319.43 - Universal Precautions)

The Superintendent or designee shall ensure that school personnel designated to administer any medication receive appropriate training and, as necessary, retraining from qualified medical personnel before any medication is administered. At a minimum, the training shall cover how and when such medication should be administered, the recognition of symptoms and treatment, emergency follow-up procedures, and the proper documentation and storage of medication. Such trained, unlicensed designated school personnel shall be supervised by, and provided with immediate communication access to, a school nurse, physician, or other appropriate individual.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

The Superintendent or designee shall maintain documentation of the training and ongoing supervision, as well as annual written verification of competency of other designated school personnel.
